

SHORT COMMUNICATION

S. Yu. Storozhenko¹⁾ & J. Ch. Paik²⁾. TO THE SYNONYMY OF THE *OGNEVIA SERGII* IKONNIKOV, 1911 (ORTHOPTERA: ACRIDIDAE). - Far Eastern Entomologist. 2001. N 98: 12.

С. Ю. Стороженко, Ё. Ч. Пак. К синонимии *Ognevia sergii* Ikonnikov, 1911 (Orthoptera: Acrididae). // Дальневосточный энтомолог. 2001. N 98. С. 12.

During examination of Korean Orthoptera of the family Acrididae a new synonym is established: *Ognevia sergii* Ikonnikov = *Hieroglyphus seungmoi* Lee et Lee, syn. n.

Ognevia sergii Ikonnikov, 1911

Ognevia sergii Ikonnikov, 1911: 268, tab. V, fig. 7 (lectotype - ♀, Russia: Primorskii krai, Evseevka); Storozhenko & Kano, 1992: 3, figs 1-19.

Hieroglyphus seungmoi Lee et Lee, 1983: 8, figs 2, 3 (holotype - ♂, Korea: Mt. Seolagsan), syn. n.; Kwon, 1994: 51.

NOTES. The description and figures of *Hieroglyphus seungmoi* [1] well agree with ones of *Ognevia sergii* [2, 3] and show that first is a synonym of the latter. All records of the genus *Hieroglyphus* Krauss, 1877 from Korea [1, 4] belong to *Ognevia* Ikonnikov, 1911, therefore the tribe Hieroglyphini not occurred in Korea.

DISTRIBUTION. Russia (Primorskii krai), Korea, North Eastern China.
